PRODUCT
Catalogue

main info

Orogel is proud to tell everything about its products.

This catalogue has been designed to make it **easily readable and more functional** with a clear and **simple product** data sheet full of precious information.

A clear and precise **legend** helps you to learn easily all the information about our products.

Prep and cooking times are approximate and refer to 1kg of frozen product. Always read carefully the instructions written on the packages.

Microwave **cooking times** refer to the portion weight suggested for each product.

The **origin** of products can change over time due to the changing environmental and weather conditions affecting the crops and harvesting.

symbols

The most suitable cooking method is recommended for every product. There are also indications if the product is **vegan or gluten free** and about the **number of portions**.
